Cheers To The Worm

Words and music by Tiggy Kazza

**Worms may be small, you could even say they're tiny
But let me tell you now that the job they do is mighty.
Without the humble worm, there'd be trouble on the planet,
So let's give three cheers for the worm.**

CHORUS

***Cheers to the worms that are working in my garden.
Cheers to the worms working hard down on the farm.
Cheers to all the other worms wherever they may be.
Give three cheers for the worm!!***

**The pitter-patter sound of the raindrops on the ground
Brings our humble worms up for air.
Down in the field at the bottom of the village,
Once a year we charm worms there.**

CHORUS

***Cheers to the worms that are working in my garden.
Cheers to the worms working hard down on the farm.
Cheers to all the other worms wherever they may be.
Give three cheers for the worm!!***

**Never underestimate the power of the worm,
We'd soon be sorry if they disappeared.
So take a moment now and then to ponder our friends,
The mighty, busy, wriggly, wiggly worm!!**

CHORUS

***Cheers to the worms that are working in my garden.
Cheers to the worms working hard down on the farm.
Cheers to all the other worms wherever they may be.
Give three cheers for the worm!! (Repeat to finish)***
